

**HISTORIC SCOTLAND BOARD, 24 APRIL 2008**

Historic Scotland Board

**HISTORIC SCOTLAND CORPORATE PLAN 2008-11**

1. I attach the latest draft of the Corporate Plan.
2. This latest version has been revised to reflect earlier Board discussion. Directors will note the following key changes:
  - We have a new opening section on context. This is divided into external context and Scottish Government policy context.
  - The context leads into a new chapter which summarises how the Agency plans to contribute to the targets and outcomes in the National Performance Framework.
  - The third section covers resources.
  - The Policy Group and TCRE sections have been reviewed and now include more illustrations of the cross-agency working.
3. The draft will be discussed at the April Board meeting. However, please feel free to submit any comments or suggestions for change in advance of the April meeting to the Board Secretariat. Meantime, we will continue to work on the plan.
